

WHY ÜBERWI?

ÜBERWI BENEFITS:

- Centralized Cloud-Based Management Platform
- Security Policy Continuity
- Customized User Experience
 - Advertisement Injection
 - Social Media Log-in
 - Payment Portal with Dynamic Plans
- Integrates into ANY Wi-Fi Network

CHALLENGES OF WI-FI DEPLOYMENT:

- Disparate Wi-Fi Networks
- Multiple Geographic Locations
- Inconsistent Wi-Fi Security Policies
- No User Engagement
- High Network Deployment Cost

ÜberWi is a cloud-managed gateway that simplifies the deployment, management and monetization of public facing Wi-Fi networks anywhere in the world
